FORM CRS (Client Relationship Summary)

Quantum Private Wealth, LLC is registered with the Securities and Exchange Commission as an investment adviser. In our capacity as an investment adviser we serve as a fiduciary and provide advisory services rather than brokerage services. Brokerage and investment advisory services and fees differ and it is important for you, our client, to understand the differences. Additionally, free and simple tools are available to research firms and financial professionals at [Investor.gov/CRS](https://investor.gov/CRS), which also provides educational materials about broker-dealers, investment advisers, and investing. This Client Relationship Summary describes the services and fees we offer to "retail" investors, which are natural persons who seek or receive services primarily for personal, family, or household purposes.

What investment services and advice can you provide me?

We primarily offer the following investment advisory services to retail investors: **Portfolio Management Services; Financial Planning Services; Family Office and Wealth Planning Services; Selection of Other Advisers; and Pension Consulting Services.**

Account Monitoring: If you open an investment account with our firm, as part of our standard service we will monitor your investments on an ongoing basis and will review your account at least annually.

Investment Authority: We primarily manage investment accounts on a discretionary basis whereby we will decide which investments to buy or sell for your account. We will also have discretion to select, retain or replace third-party managers to manage your accounts. You may limit our discretionary authority (for example, limiting the types of securities that can be purchased or sold for your account) by providing our firm with your restrictions and guidelines in writing. We also offer **non-discretionary** management services whereby we will provide advice, but **you will ultimately decide** which investments to buy and sell for your account. You have an unrestricted right to decline to implement any advice provided by our firm on a non-discretionary basis.

Investment Offerings: We provide advice on various types of investments. Our services are not limited to a specific type of investment or product.

Account Minimums and Requirements: In general, we require a minimum of \$1,000,000 to open and maintain an advisory account. At our discretion, we may waive this minimum account size.

Detailed information regarding our services, fees and other disclosures can be found in our Form ADV Part 2A Items 4, 7, and 8 by clicking the following link: <https://adviserinfo.sec.gov/firm/brochure/307358>).

Key Questions to Ask Your Financial Professional

- **Given my financial situation, should I choose an investment advisory service? Why or Why Not?**
- **How will you choose investments to recommend to me?**
- **What is your relevant experience, including your licenses, education and other qualifications?**
- **What do these qualifications mean?**

What fees will I pay?

The following summarizes the principal fees and costs that you might pay when engaging our firm for investment advisory services.

- **Asset-Based Fees** - Payable quarterly in advance. Since the fees we receive are asset-based (i.e. based on the value of your account), we have an incentive to increase your account value which creates a conflict.
- **Hourly Fees** - Payable in arrears.
- **Other Advisory Fees** - In addition to our fees, you may also pay fees charged by the selected third-party manager depending on your investment objectives and portfolio strategy, which are separate and apart from our fees.

Examples of the most common fees and costs applicable to our clients are:

- Custodian fees.
- Account maintenance fees.

- Fees related to mutual funds and exchange-traded funds.
- Other product-level fees associated with your investments.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

Key Questions to Ask Your Financial Professional

- **Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?**

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here is an example to help you understand what this means.

- **Third-Party Payments:** Certain of our firm's financial professionals may be licensed as insurance agents/producers. These individuals receive commission-based compensation in connection with the purchase and sale of insurance related products, which is separate and in addition to our advisory fees. These practices present a conflict of interest because these individuals have a financial incentive to recommend certain products to you.

Key Questions to Ask Your Financial Professional

- **How might your conflicts of interest affect me, and how will you address them?**

Please refer to our ADV Part 2A by clicking this link to help you understand what conflicts may exist: <https://adviserinfo.sec.gov/firm/brochure/307358>).

How do your financial professionals make money?

The financial professionals servicing your account(s) are compensated by salary, which is generally based on the revenue our firm earns from the financial professionals' services or recommendations. Certain financial professionals receive commission-based compensation based on the insurance products sold (i.e. differential compensation or commission) in their separate capacity as a licensed insurance agent.

Do you or your financial professionals have legal or disciplinary history?

No, our firm and our financial professionals do not have any legal or disciplinary history to disclose. Visit Investor.gov/CRS for a free and simple research tool.

Key Questions to Ask Your Financial Professional

- **As a financial professional, do you have any disciplinary history? For what type of conduct?**
